FISH

Fish can be supplied fresh or flash frozen. Whole, whole with scales and guts removed, whole fillets (skin on or off) or portioned to your ideal portion weight specifications.

All fish is vac packed and labelled again to your specifications in terms of number of portions per vac pack.

All fresh fish prices are subject to change depending on market fluctuations.

All fresh fish (whole, whole fillets, portions), even if flash frozen, will be charged by total weight of fish purchased not the end weight of your portion sizes.

Weights given here are guide weights for the whole fish or the minimum order size

Prices are per kilo unless unit weight is specified.
